

... We're here for the LONG-TERM.

We think doing business means more than just selling you a product.

AT OMNI, IT'S ALL ABOUT YOU.

At OMNI, we want to build a long-term relationship that you can depend on, both now and in the future. We're always there to help with the highest possible level of comprehensive service and support. We consider ourselves part of your team, and we care as much about your project as you do.

The way we see it, our job is to make things easy for you. Our engineering staff works with engineers through the planning phase while our modular designs and prefabrications simplify the installation process. Customer options include flexible pricing and lines of credit. And our complete inventories ensure quick deliveries and turn-around times in as little as 1 to 2 weeks.

Our goal is to guarantee the best results for your project. That's why we work closely with you throughout the development and implementation process. And even after the project is completed, you can count on us to be here.

T'S ALL ABOUT YOU

PROVEN TECHNOLOGY

Proven Technology:
You know that the model for OMNI RSF's is the most widely accepted Innovative/Alternative (IA) septic technology, and that it has the longest record of reliability. It's groundwater protection pure and simple.

OMNI has even improved on the standard with enhancements like:

- Superior nitrogen removal
- Modular components for quick installations
- Scalable designs for ease of expansion
- Operating adjustments for optimum system operation

ENGINEERING SUPPORT

Engineering Support for All Types of Applications
Simply Plug-and-Play with OMNI's pre-engineered designs
You'll save time and increase your profit margin with pre-engineered OMNI RSF designs. Hassle-free templates require only slight modifications to easily adapt to your design requirements.

Hand over all the detail work with OMNI's custom template services.
You don't need to bother with creating your own templates; our engineering services take care of creating custom septic design templates to match your plan formats. Simply send us your typical septic design template and OMNI will add all the necessary design information for you. Plus, we provide free CAD services to easily switch other septic system technologies to an OMNI RSF.

EASY INSTALLATION

You have questions? Rest easy, we'll get the answers.
Our dedication to a smooth operation includes providing you with the full technical support. Not only will you get personalized solutions, but you'll also receive complete access to the OMNI Knowledge Base, our up-to-date website collection of questions and answers.

Professional Consultation for All Your Support Needs
Community relationship building is essential for an efficient installation. Whether you need consultation services, help with public hearings or even one-on-one technical support with staff or clients, we'll be there to back you up and handle the details related to technology.

Easy Installation All Along the Way
Installation assistance
You want an efficient, quality-assured installation. OMNI personnel are on-site to make sure that happens. We'll brief the installers to make sure they know their responsibilities, and we'll also coordinate the installation to make sure everyone is on the same page.

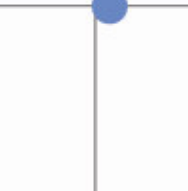

FULL CUSTOMER SUPPORT

Best of All: Full Customer Support
Your customers become our customers. At OMNI, long-term client relationships are important to us. We strive to provide quality service, and we work hard to meet and go beyond your expectations. It's all part of what we do.

Operation and Maintenance
After the OMNI RSF goes in the ground, you can trust that we'll support your end users. We make an extra effort to give owners any help they require, and we take the time to educate them about effective operating and maintenance.

Service Features
All information you need for the maintenance and performance of the OMNI RSF system is available on-line. Municipal officials and homeowners are also eligible to receive access to on-line maintenance schedules, customer information reports and e-mail notifications.

SERVICE PRICING

Service Pricing
Simply put, OMNI is proud to offer you the best service at the most affordable prices in the industry. Sure, we're competitive, but we also back up your long-term savings with flexible payment terms and quality programs. Your customers expect excellent service at fair prices. With OMNI, that's what they get.
